Pledge Form

Boys to Men Mentoring Network helps boys on their journey to Manhood. The focus for each boy's journey is guided by principles of Truth, Love, Spirit and Mission.

A trained staff of dedicated mentors, begins to guide boys who participate in a life-changing weekend initiation experience. The program then continues for a year of committed mentorship as young men polish positive life skills.

At the end of the year, boys have become "journeymen" with a new sense of themselves and their place in community. They learn how lives of accountability and purpose make a meaningful impact in the world.

It takes about \$600 to sponsor a boy and his mentor. Boys To Men Mentoring Network is a non-profit organization started in San Diego, California. Contributions will help sponsor weekends and mentoring programs here locally.

Make Contributions payable to "Boys To Men – Minnesota".
